HOOTON NORTH JN TO WARRINGTON SOUTH JN VIA WALTON OLD JN

STANLOW AND THORNTON

Immediately an inward train comes to a stand in the Up sidings, the Driver or Driver's Assistant must contact the Signaller at Stanlow & Thornton box, by means of the telephones located near to the trap points at the exit from the sidings, for instructions.

HELSEBY WEST CHESHIRE JN

Working of Shellstar Private Sidings. The maximum permissible speed of trains over the siding line between West Cheshire Junction and Shellstar Sidings is 15 m.p.h.

An arriving train must stop at the first Stop board and the Driver must obtain permission from the Shellstar Shunting Staff, by telephone, for the train to proceed to the second Stop board.

If an arriving train is to leave a portion of its train on the siding line at the West Cheshire Junction end, the Signaller at that box must be advised before the train enters the sidings.

A movement must not proceed past the 'Limit of shunt' indicator towards Helsby West Cheshire Junction box until the permission of the Signaller at that box has been obtained by means of the telephone at the second Stop board and when Shellstar Shunting Staff are on duty, their permission must also be obtained.

Page 235 Add:-CARNFORTH

Stabling of Vehicles on Running Lines. Empty coaching stock trains are authorised to stable overnight for maintenance purposes on the "Up & Down" Furness line at Carnforth station.

The permission of the Signaller at Carnforth Station Junction must be obtained before any work commences which necessitates staff being on or about the line on the 'six-foot' side of such vehicles.

The Signaller must be advised when the work has been completed. Such advice must not be given until all staff are clear of the running lines.

Steamtown Railway Museum Siding. A B.R. Shunter must be in attendance whenever a movement is made to or from the Railway Museum Siding. The Shunter must come to a clear understanding with the Steamtown representative and the Signaller at Carnforth Station Jn before any movement takes place.

The gate at the entrance to the siding must be kept normally locked and the key to the padlock must be kept by the Carnforth Station or Train Crew Supervisor.
